

LIGHTWAVE PROFESSIONAL

Shown: PROFESSIONAL with 2 standard pad sets

The original system that started it all. This Professional grade LED light therapy system is designed specifically for dermal enhancement and rejuvenation for the entire body. The size makes it extremely portable and cost effective.

Provide safe and effective cosmetic improvements utilizing proven Red (630 nm) and Infrared (880 nm) wavelengths of light.

The systems main unit is equipped with a large LCD screen and control panel for ease of use. Includes 3 sockets allowing the use of up to 3 treatment areas simultaneously. The LED pad sets allow for hands free use during operation and requiring minimal user interaction and setup.

PROFESSIONAL Features:

- 15 Unique Programs
- 3 independent Sockets
